

# BLAST THEORY'S "2097: WE MADE OURSELVES OVER"

Commissioned by European Capital of Culture Aarhus 2017

## Sign up to join a free workshop and shape one of 2017's most exciting creative projects!

*Will Den Gamle By still be standing? Will the city be flooded? What if machines grew all of your food at the press of a button? If technology allowed us to speak with animals, what would your dog say?*

These are just a few of the questions that **Blast Theory**, the internationally, UK based, renowned artists known for creating ground-breaking interactive events, will pose to the people of Aarhus during three days in December 2016.

The group is holding a workshop in December to explore what Aarhus might look like 80 years from now, laying the foundations for "2097: We Made Ourselves Over". This new project, co-commissioned by **European Capital of Culture Aarhus 2017** and **Hull UK City of Culture 2017**, will create a science fiction-inspired vision of Aarhus in the year 2097.

The workshop will be held at **Dokk1** on **Wednesday 14<sup>th</sup> of December 2016** with an option to work with young people from Hull, UK on **Thursday 15<sup>th</sup> and Friday 16<sup>th</sup>**.

Please register for joining the workshop: <https://www.surveymonkey.co.uk/r/32DT2GS>

For further information:

Contact Aarhus 2017 on [bikendi.cadelo@aarhus2017.dk](mailto:bikendi.cadelo@aarhus2017.dk) or by phone: +45 4185 7025.

Please note it will require all day attendance and participation. Meals and drinks will be provided on all days. There are a limited number of places available. For more information, please write us an email.
